# MESSAGE FROM THE PRESIDENT

Let me tell you a story about a dream and a place where a dream came true. This is about a ski club and a will to make something improbable happen.

In Fox River Grove, Illinois about 40 miles northwest of Chicago is located the oldest continuously open ski club in the United States. The club was started in 1905 by a group of Norwegian men. Most lived in Chicago and came out to Fox River Grove to ski jump. In the early years of the club, huge crowds traveled from Chicago and its suburbs to see their tournaments.

Norge is one of the 67 ski clubs in the Chicago Metropolitan Ski Council and the only one that has a venue where ski jumpers of all ages come to improve their skills. The “American Mecca” of ski jumping resides in suburban Illinois and has produced three of the four men’s Olympic ski jump team members for the 2018 Olympic Games. Norge Ski Club has been the host of many Olympic hopefuls.

Through the years, the Chicago Metropolitan Ski Council has supported Norge with its endeavors. Michael Glasder, one of its skiers whom CMSC has supported for years, had a dream of going to the Olympics. In its history, the Norge Ski Club has never had an athlete qualify for an Olympic team. In 2010, Mike Glasder almost qualified to compete in the Olympics during the trials in Vancouver. The American Olympic team was only allowed to take three jumpers. Mike would have been the fourth. In 2014, during the trials for Sochi, Mike finished fifth but they were only able to take four jumpers. In 2017, during the trials for the Olympics in Park City, Mike took first place and was finally eligible to compete in South Korea with the 2018 U.S. Olympic Team.

To the surprise of many people, two more jumpers from Norge made the cut in future jumps. Casey Larson whose father is a CMSC board member, made the team along with Kevin Bickner, the third jumper to make the team. At this point, Norge Ski Club had three of the four jumpers make the American team representing the United States. This was the first time three members of the Olympic ski jumping team were from the same club.

The club had been run solely by volunteers and parents who coached for several years until they hired the club’s first paid coach, American Ski Jumping Hall of Fame member Scott Smith, who had learned at Norge himself as a child. Smith, who has been an Olympic ski jumping coach for many years, was very proud to see three of the Norge ski jumpers compete in South Korea.

Ski jumping takes place at Norge Ski Hill in Fox River Grove year round. During the spring and summer months a special turf that simulates snow is used. Ski jumping is an Olympic sport that is not for the faint of heart. Athletes must race down a very steep incline before launching themselves off of a massive ski hill.

Looking ahead to the 2022 Olympics.  
Keep on Flying!

Raymond Piwowarczyk,  
CMSC President

# THE OLYMPIANS' JOURNEY

In Fox River Grove, perched atop a large hill that overlooks a natural glacial depression sits a ski jump that dwarfs anything else in sight. Home to the Norge Ski Club, this massive structure has seen thousands of jumpers since the original was built in 1905. With a long history of sending jumpers to national and international competitions, the Olympics eluded Norge jumpers. That is until 2018 and the PyeongChang Olympics, when three of the four jumpers on the American team were from Norge: 28 year old Michael Glasder, 19 year old Casey Larson, and 21

year old Kevin Bickner. The end result of amazing athletes, dedicated parents, and a ski club that dared to dream. But the journey was a long and difficult one.

Casey Larson

All three started jumping before they were 10 years old! Glasder was 4, Larson was 6, and Bickner the ripe old age of 9. When most children's goal was conquering the biggest slide or reaching the highest point at the local

playground, they already had dreams of jumping in the Olympics. When asked when and why they decided to shoot for the Olympics, they said:

Glasder: "I can't put a date on it but making the Olympics has always been a goal of mine since I was very young. I decided to go for the Olympics because it is the epitome of competitive sports and the highest level that you can reach. The opportunity to represent my local club, community, and nation is the highest honor."

Larson: "It's always a huge dream as a kid, it's the biggest stage our sport has to offer and it was the goal the first time I went off a ski jump. It became a reality when I started jumping in international competitions and placing pretty well in them during the 2016-2017 winter."

Bickner: "The Olympics had always been a dream of mine, since the first day I started ski jumping. It was an event I always thought was really cool and the only event I knew that skiers competed in, so I never even considered being a world cup jumper until I got older and learned about the different levels of competition."

For the Glasder, Bickner and Larson families, Norge became their kids second home. They started on Norge's 5 meter hill and eventually graduated to the huge 70 meter jump. All three later started training at other international locations, and moved on to compete across the country and around

# CMSC Alpine Racing

**YOUR 1ST RACE WITH  
CMSC IS FREE!**

## MAKE MIDWEST SKIING FUN!

It may be October, but WINTER is just around the corner! But you don't have to hibernate this winter. Come out and try our Chicago Metropolitan Ski Council ski and snowboard league (see our website.) It's more active, fun and social than sitting around all winter watching sports on television. Join one of our many clubs, make new friends and enjoy some friendly competition. Almost all of our competitors agree that participating will definitely improve your skiing too.

In the past, I have heard people say that they aren't good enough to race. That just isn't true. We have had many beginner/intermediate skiers and snowboarders come out and progress through our five different levels of competition from "never raced before" to "elite racers." You will compete against people with similar ability levels to yourself. That's part of what makes racing with CMSC so much fun. Medals for each ability class and season-end awards for each group are part of the fun too.

Our "social gathering" and après ski are truly worth staying for as well. This is a mostly adult league, but many of our racers are kids and young adults. Kids under 12 race in our Giant Slalom races for free. Don't forget a helmet, because those are needed in CMSC race events for safety, plus they keep you warm.

This year we will be hosting seven Slalom races (turning gates closer together) and seven Giant Slalom races (gates further apart – great for beginner racers). The complete schedule is listed at right and additional details are on our website. If you haven't raced with us before, your first entry fee is on us.

Eight of our races (4 slalom and 4 giant slalom) will be at Wilmot Mountain, our home race venue which is a little more than an hour's drive from Chicago. Many of our racers also take advantage of Wilmot's weeknight race training program. We have also scheduled three race weekends at the following "away" locations this year: (1) Ski Brule in Michigan's Iron Mountain region, (2) Mt. LaCrosse in western Wisconsin and (3) Chestnut Mountain in Galena IL, close to the Iowa border.

Come race with us, and make winter fun!

# 2018 Trips In Review

## CHICAGO WEEK

STEAMBOAT SPRINGS, CO - Feb 24 - Mar 3, 2018

Fifteen clubs with 213 participants joined the fun at Steamboat, spread across at six properties. Since we began our trip at the end of the Winter Olympics and were skiing in a Western ski town, our theme for the week was Go for the Gold - Western Style! Thanks to everyone for the great

participation and creativity. We saw many versions of cowboy hats, jeans, boots, and lots of red white and blue.

From challenging skiing, to easy cruising, to fun parties made Steamboat Springs a typical great Chicago Week. The weather could not have been better. We started with the first few days of snow overnight, but we enjoyed BLUE skies every day with perfect ski temperatures. Sunday started our great skiing week after 7 inches of fresh, overnight champagne powder.

Monday started with a NASTAR race with 100 of our skiers testing their skills, followed up with an on-hill picnic lunch. Monday wrapped up with our ever popular pub crawl.

## SPRING FLING

COPPER MOUNTAIN, CO - Apr 11-16, 2018

Our trip started on a beautiful Wednesday spring morning at Chicago's Midway airport where our 25 fliers had a smooth on time flight to Denver airport. Our bus arrived at Copper Mountain Lodging ahead of schedule in spite of a longer than planned food and liquor stop to stock up for the weekend.

Our lodging was conveniently located in Copper's Center Village near the lifts and in the middle of the resort's restaurants and bars.

That evening our skiers attended the welcome reception where we enjoyed drinks and appetizers and got further acquainted. Thursday's weather was mostly sunny and temperatures reached the mid forties, making it easy to familiarize ourselves with the skiing terrain. A couple of inches of new snow over night came with a dramatic temperature drop for Friday. Temperatures climbed into the low 20's, and we skied in snow flurries all day. The Solitude Grill at the top of the American Eagle lift was good for mid-morning coffee or a quick lunch stop to warm up.

Co-Trip Leader: Vicki Schutz

Tuesday featured a mountain poker run across the resort and Après Ski at the Sheraton.

Wednesday was our day off – some of our skiers visited Strawberry Park Hot Springs, many went skiing while others enjoyed the other area activities.

Thursday was another full day of skiing topped off with a dinner banquet at the top of the gondola at the fantastic Thunderhead Lodge. We feasted on Steamboat's famous Western BBQ dinner!

Friday? More fantastic skiing followed by an Après Ski at the Bear River Bar and Grill where we dined inside and out, enjoying the amazing weather. Skiers finished their days tired, yet rebounded for parties in the evening or enjoyed the Steamboat Fireworks. An amazing end to an amazing week!

Trip Leader: Larry Douglas

After a cold and overcast start Saturday morning, the clouds broke, sun and intermittent clouds made for great skiing conditions. Crowds showed up for Copper's closing weekend "Sunsation festivities" that included entertainment by the Mighty Mighty Boss Tones band and the Red Bull Slope Soaker pond skimming competition at the base.

Sunday broke with an inch of new snow and temperatures warming to the 40's - a beautiful blue bird ski day. Those who were too busy skiing to fully experience Copper's Shred-A-Thon event, still saw some of the event's strange outfits on the mountain. The beautiful weather was ideal for skiing and listening to the live entertainment provided by the March Fourth Band, stilt walkers, hoopers and Vaudeville-style dancers at the base or from the balcony of our condo.

In all, it was a great long weekend of skiing, partying and a great end to the ski season.

## EUROPE TRIP

### KITZBÜHEL, AUSTRIA - Jan 26 - Feb 3, 2018

Ninety Seven members of 22 CMSC ski clubs departed O'Hare Airport on Delta Airlines, Friday, January 26, 2018. Trip participants received baggage tags, a CMSC 2018 Kitzbühel ski pole flag, and a glass of bubbly.

We stayed at the Hotel Maria Theresia in Kitzbühel. The 3\* hotel has the old world charm and warmth and grace of a family operated hotel. A large buffet breakfast and excellent 4 course dinners were included daily. Town was just outside the hotel door making Kitzbühel nightlife and shopping easy to access. The hotel also has a large bar and public meeting area that a group our size could use. Our early arrival in Kitzbühel gave everyone time to explore the beautiful, quaint ski town, home of the Hahnenkamm ski race. Before our first dinner, Ski.Com sponsored a welcome

party with drinks and hors d'oeuvres featuring speakers from the Kitzbühel Tourist Office.

The skiing was great, with a lot of refreshing Hütte stops that kept the troops happy. At Kitzbühel, skiing

### Assistant Trip Leader: Ed Gordon

often resulted in a long bus ride home. The views of Austrian mountain tops was spectacular. Some participants took day trips to Salzburg and Innsbruck.

On Saturday, part of the group returned to Chicago, while the rest of the group made their way to Munich for the 3 day extension. In Munich, 62 people stayed at the Eurostars Book Hotel 4 star Hotel that featured deluxe rooms within walking distance of the train station. An excellent buffet breakfast was included, but dinners were on our own, allowing us to visit the restaurants and beer halls.

Munich was an excellent destination. Some visited Marianplatz, Dachau Concentration camp, beer halls (Hofbräuhaus, Ratskeller, etc.), castles, BMW plant, and more. Some scrambled to purchase gifts to take back home. Munich was a big history lesson. Most of Munich has been rebuilt since WWII.

## THE FAMILY THAT FLIES

From left to right: Cara, Meg, Casey and Guy Larson

Many people know Casey Larson from the USA's Olympic Ski Jumping team – but he's not the only contribution to the world of ski jumping his family has made. His sister Cara is no stranger to the podium.

Cara started jumping when she was just 8 years old. In 2014, she won the Junior National Championship in Anchorage, Alaska and the Junior Women's competition at the Flaming Leaves Festival in Lake Placid. Both Casey and Cara graduated from Barrington High School. Their father, Guy, is a coach at Norge Ski Club where they both began their jumping careers. How's that for a family pastime? Guy is also a CMSC Board member.

# YOU CAN HELP THESE GROUPS HELP OTHERS!

The CMSC has a long history of supporting the Norge Ski Club, American Blind Skiing Foundation, and the SouthEastern Wisconsin Adaptive Ski Program. In the past years we have done everything from providing equipment to sponsorship, volunteering to donations. This year we helped sponsor the Jr. Nationals at Norge, and we're once again doing a matching donation drive with SEWASP - up to a total of \$2500! Please join us in supporting these amazing groups.

Hidden away in Fox River Grove, IL, the Norge Ski Club has been training ski jumpers for over 100 years, and teaches everyone from kids to adults to fly. Norge is one of the top learning centers for Olympic ski jumping in the USA. With 5 different jumps (you can see them on the magazine cover!) available all year. They teach everything from the fundamentals to tournament training. They have sent jumpers to the Fly Girls (the Women's Ski Jumping jr. program), FIS ski jumping World Cup and the Olympics. Simply visit the Norge website at [norgeskiclub.com](http://norgeskiclub.com) and click on the "Donate" button at the lower left of any screen.

If you've been on a ski hill, you've see the skiers wearing the bright orange ABSF (American Blind Skiing Foundation) vests, with an experienced guide leading a visually impaired skier or boarder. ABSF is committed to serving blind and visually impaired children and adults, and offers guide training and lessons for the visually impaired. Alpine or downhill skiing and snowboarding is open to all levels of blind and visually impaired children and adults through the American Blind Skiing Foundation. For more information, visit the ABSF website at [absf.org](http://absf.org). While you're there click on the large donation link in the upper right corner.

Providing adaptive alpine skiing and snowboard lessons for people with disabilities, SEWASP operates in southeastern Wisconsin and surrounding areas. "Adaptive" refers to the modified equipment and teaching techniques used to enable skiers and snowboarders to participate safely and as independently as possible. Adaptive lessons for children through adults, instruction is generally provided at Alpine Valley Ski Resort near East Troy, Wisconsin (southwest of Milwaukee on I-43), on Thursday evenings from January through mid-March. Training instructors is expensive, so CMSC is holding a matching donation program to help send two SEWASP members to the instructor program. In addition, we're also helping to send four veterans to the 2018 Colorado Winter Sports Clinic (for sports therapy and rehabilitation). Visit [sewasp.org](http://sewasp.org) for information and use the donation button at the lower left of the web pages. Remember to click on "Add Special Instructions to the SEWASP" and then enter "CMSC SEWASP Challenge" so the CMSC can match your donation!

## THE OLYMPIANS' JOURNEY *(Cont. from p. 5)*

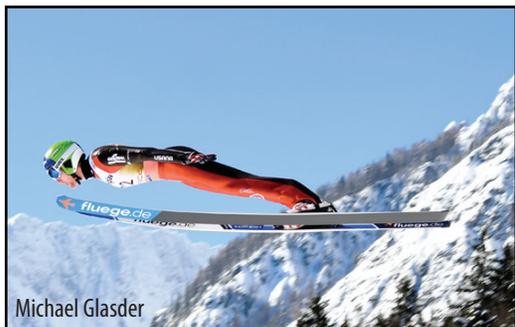

Casey Larson

the world. It's these competitions that build qualifying points that can lead to the Olympics. During this lengthy time training and competing, every jumper experiences "that moment" that really stands out:

Glaser: "After thousands of jumps in my career there are a few that stick out such as winning the continental cup in Iron Mountain, Michigan and winning the US Olympic Trials in Park City, Utah cementing my spot on the 2018 Olympic Team."

Larson: "My jumps at the Olympics were incredible. Nothing has come close to that but ski flying is the highlight of every year."

Bickner: "My most memorable jump is when I set the US distance record of 244.5 meters in Vikersund, Norway in March of 2017. There is really no way to describe flying over 2 and a half football fields on a pair of skis. Aside from the whole Olympic

Michael Glaser

experience it's the highlight of my career, however, I hope to break that record again. All three ski jumpers have traveled the world attending ski jump competitions, and trained in various locations to improve their skills. They

never lost sight of their ultimate goal: The Olympics. To qualify, each had to meet exacting criteria and be the best their country has to offer. The Olympic ski jumping team is selected

based on points competing in World Cup and Continental Cup events throughout the year. Glaser qualified after coming in first at the U.S. Team trials in Park City, Utah. When Larson qualified he became the 100,000 male athlete to compete in the Olympics. Not only did Bickner qualify, but he also holds the American record for Ski Flying distance – over 2 ½ football fields. Their long journey to the Olympics took years of training and practice, followed by even more training and practice.

After competing in the 2018 Winter Olympics, all three were inducted into the American Ski Jumping hall of fame. What's next? They have their eyes set on Beijing, China in 2022. Meanwhile, it's more training and more competition, but it all started with three little kids' dreams in a Northwest Chicago suburb.

The Chicago Nomads have had a strong presence in the Southwest suburbs for 57 years as an active ski club. The Nomads Ski Club is for those who are interested in meeting new people, experiencing fun activities, and getting involved with a great organization... "we're more than just a ski club."
