SKI & RIDE CLUB GUIDE

THE MAGAZINE OF THE CHICAGO METROPOLITAN SKI COUNCIL

About CMSC

The Chicago Metropolitan Ski Council (CMSC) is an association with 59 member clubs which offer downhill and nordic skiing, boarding and year-round activities. We are also adventure clubs, single clubs, family clubs, and social clubs that welcome all comers.

CMSC, founded in 1957, is managed entirely by volunteers who are members of our clubs. Our publication, the Ski & Ride Club Guide, and our website provide information on Club and Council activities. Our aim is to promote skiing and boarding.

CMSC have trips planned to almost every major destination in North-America and Europe at various times throughout the year. Please visit their websites to learn more about them and their activities.

Message from the President

*Snow, Snow, and more snow
Can there be too much snow??*

“ If you were looking for snow last season out west was the place to be. Mammoth had a record 900+ inches and the Lake Tahoe area had their second snowiest season with some getting over 700”.

In Utah, 12 of the 15 Ski Areas set new records. Alta received 903”, Park City had 636” and Snowbasin’s 613” exceeded the last 2 years combined. This resulted in a total of 44 “Powder Days” which is 12 or more inches in 24 hours. The average is 19 Powder Days!

So much snow comes with both pros and cons. While it makes for great skiing and helps relieve some of the drought conditions in some of these areas, it can also be dangerous. In Big and Little Cottonwood Canyons alone, there were 550 avalanches with 98 crossing roads and 62 of those large enough to bury a car. It also can make travel difficult if not impossible. You can read more about that in the Trip Review for Chicago Week later in the Magazine. One of the bright spots from that trip was seeing how members of different clubs can come together when facing difficult situations.

Let’s hope that Mother Nature has another great year of snow for us this season!

Michael Thomas
President, CMSC

ALPINE Racing

Each season, CMSC's recreational racing program puts on 14 ski and snowboard races at nearby Midwest ski areas. Our racers progress their skills through five levels of competition from "never raced before" to "elite." We also have fun post-race awards celebrations for each race as well as a Summer Awards Party and BBQ to celebrate your improvement over the season.

This is a mostly adult league, but kids under 12 compete for free in our Giant Slalom races. If you are new to racing, your first race entry fee is free. Note that

helmets are required. Weeknight training sessions with coaches at Wilmot are also available to help you advance your skills and gain confidence.

We have two types of races: Giant Slalom and Slalom. The schedule is below, and details are on our website at SkiCMSC-Racing.com. You can also sign up for "Race Alerts" on our website and follow our Facebook page (search CMSC Alpine Racing).

2023 CMSC TRIPS IN REVIEW

02/25/23-03/04/23 **Chicago week: Mammoth, CA & then... Reno, NV**

HISTORIC 900" SNOWFALL!!! Our Ice Age/Stone Age themed Chicago Week 2023 was planned for Mammoth, CA with 165 participants. We had 3 flights into Reno and two into Bishop. The plan was that participants on the Reno flights would cruise the beautiful scenery to Mammoth on a 2 1/2 hour bus ride. The skiers flying into Bishop would take the smaller buses and/or large vans on a shorter scenic ride to Mammoth.

Well, the historic California blizzards that totalled over 900" were an uninvited part of our trip. Bishop Airport closed, the highway from Bishop to Mammoth was closed, and the highway from Reno to Mammoth was closed.

Mammoth Message Alert!!

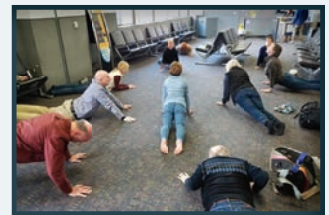

It kept snowing, snowing, and more snow. . . although we were able to get our "Bishop airport" participants to Reno, the highway remained closed. No buses were running, and many busses were stranded in the snow on the highway. So, our plan to bus people to Mammoth on Sunday didn't work, and the bus company didn't foresee the road opening for at least a few days.

16 people made it to Mammoth on Saturday and/or Sunday; most of them driving in the crazy weather. Most of the 131 in Reno stayed at the Silver Legacy. The next new plan was to either stay in Reno on a "Reno Safari" and try to take day ski trips to Mt. Rose, Alpine Meadows, and/or Palisades, or to go home as soon as possible. Most that wanted to go home left on Tuesday and Wednesday. Mike Thomas stepped up to the plate and became the Reno Trip leader while Noreen and I were in Mammoth working with Sports America getting people on flights.

Home on Lake Tahoe

Our Reno Safari group made the best of their unusual ski trip getting to know Reno; hitting casinos (some winning, others not), museums, shopping, dining, playing games, and, *of course* finding a way to the ski slopes! Thanks, Mike, for taking over and planning the Welcome and Farewell parties in Reno! Here's to keeping the theme!

Impromptu Yoga stretch @ Bob Hope Airport, CA

Because of the constant snow fall, roads were closed to buses to get to any of the resorts. We had quite a few people who rented vehicles to get to Mt Rose, Alpine Meadows, Palisade, and we even had a couple of skiers who went to Tahoe. On Thursday, a bus was available for us and we had 46 very happy skiers headed to the slopes. As luck would have it, with rough road conditions , cars off the road, but were able hit the slopes at Palisades . . . but they were all happy to be skiing.

Marek RZucidlo in Mammoth as a human snow scale!!

Meanwhile, back in Mammoth, it was still snowing and blizzarding (?? if that's a word). Our skiers braved the conditions, skiing in at least waist/chest high snow. Only one lift was open with a few runs; by the end of the week a second lift opened. It was shared by many that the trip was frustrating, and a really good time. It was definitely an adventure, and everyone got home safely in one piece!

Many thanks to Sports America for their hard work and quick reaction to moving everyone around, and thanks to our participants for their patience. I never thought I would say this, but there *is such a thing as TOO MUCH SNOW!!*

See you at Banff 2024,

time. Non-skiers/riders were also able to visit Samnaun using a pedestrian pass on the lift system. Pre-dinner cocktail parties at the hotel bar helped everyone meet people they didn't already know. Dinners in the hotel were something to look forward to, how could the kitchen possibly do better than the previous night. And yet they raised the bar night after night.

Saturday morning, we bussed to Zurich and then flew to Prague. We stayed at the 4-star Hotel Ametyst Prague located in the city center from where we could catch a bus or underground train to visit the city. We started the visit to Prague with a 4-hour tour to give everyone an overview of the city. Then groups split off and visited museums, castles, restaurants, city squares and joined more tours. This is the first year we lengthened the extension from 3 to 4 days, and yet there is so much to do in Prague that people wished they could stay longer.

FRIENDSHIPS FORMED BY POWDER! We had 22 people from 9 different ski clubs head out to Park City. Which really turned into a fresh powder extravaganza!! We received 37"+ of fresh powder in just 3 of 4 ski days.

Last Dinner at the Boneyard

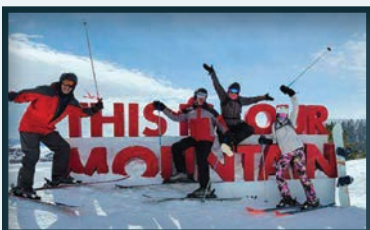

We settled in the inviting Peaks Hotel in Park City, to reserve our energy for our first of many outings. As a group we walked in the beautiful sunshine to the grocery store and liquor store for our weekly supplies. Our pizza packed "Welcome Reception" followed and was a pivotal turning point of our trip, before we even realized it. Here we also introduced ourselves to each other since not everyone was familiar with each other. This was where we bonded by skiing ability by finding others with the same skill level and partner up for the days to come.

Kevin Miner and Allison SchutZ
at 4000s of 99-90

Our first day of skiing was a bluebird sky Sunday, little did we know it would be the only sunny day we would have as the following days it dumped...5", then 16", then another 16"!! The powder was light and fluffy; it didn't matter if you were skiing the groomed runs at Park City or the ungroomed runs at the Canyons, there was snow everywhere! Since it wasn't very crowded this time of year, it seemed like every time you came down the mountain there was untracked snow to be found...everywhere.

Thank goodness the Peaks hotel was our hotel. It had a wonderful, hot complimentary breakfast buffet every morning to give us the energy we needed for our days, and an indoor/outdoor swimming pool and hottub, a steam room, and a sauna that was used every day after skiing and even later at night. The camaraderie on the trip was magnetic and everyone seemed to be having a memorable time with some new found friends. Smaller groups got together to go out for dinner at the many

New Friends at the top of the ski lift.

restaurants in Park City, others watched the NCAA men's basketball final together, but on our last night this friendly group went out together for dinner to the Boneyard to conclude our magical trip. It was truly a memorable trip with The 37"+ of fresh snow and full days of spending time with new friends; from our morning hair breakfasts and lunch ski breaks to eventful apres ski pool hangouts and dinners. It is a trip to talk about for years to come.

Come make new memories at Spring Fling '24 at Mammoth Mountain,

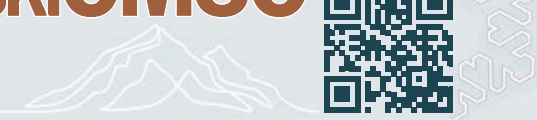

Kevin Conlon
